You need to be rolling in in huge groups because everyone should be well armed and ready for war and guns are not legal in DC, so the pussy cops will harass you make them respect you.

You now see the problem here that was finally revealed. Being secrecy about this event is a bad idea and that's why they want. We should call for the tour information on Facebook, and social media to announce and recruit people to go together. You guys try to win information war by not letting people know the information. Politicians don't care if there is millions of people in DC in one day, which go away next day. They fear to know that everyone knows that millions of people in DC are coming and show up.

The Supreme Court is afraid that if they rule in accordance with the constitution there will be an angry mob of leftists. We will show them that we are a much larger and much more heavily armed mob.
